MUST WORK MINES.

Carranza Decree Threatens Annulment
of Titles.

The following in the latest
mining decree as issued at Mex-
ico City last September:

Art. 1st.—All mine owners are
obliged to work their mines, un-
der penalty of annulment of
titles if work is stopped for more
than two months consecutive or
three months intermittent dur-
ing any one year.

Art. 2nd.—Mine owners who
may have just cause for stop-
ping work must obtain from the
Secretary of Fomento a corres-
ponding permit, which permit
will only be granted when good
and sufficient proof is presented
justifying the stoppage and un-
der no conditions whatever, may
such a permit be granted for a
longer term than three months
unless, at the end of said term,
the cause for stoppage subsists
in such form that the resump-
tion of work be an impossibility,
in which case the permit may be
extended for such time as may
be strictly necessary.

Art. 3rd.—The Secretary of
Fomento, after hearing the in-
terested parties, shall fix in each
case of new mining concessions,
or of old ones not yet being
worked, the minimum number of
miners that shall be employed
by owners in working the mines,
taking into consideration the
number of claims covered by
each concession.

Art. 4th.—Mine owners who
are or have been working their
mines shall employ the same
number of miners employed or
that were employed when work
was stopped. But the Secretary
of Fomento, after hearing the
interested parties, may alter this
number in accordance with the
requirements of the proper work-
ing of the mine or mines.

Art. 5th.—Upon declaring the
annulment of a mining claim the
Secretary of Fomento shall im-
mediately so notify the Secre-
tary of State in order that the
latter may decide whether said
property is to be declared open
to the public for relocation or
held for exploitation by the Gov-
ernment. In the latter case an
administrator shall be appointed
for the purpose of continuing
work on said property.

Art. 6th.—The effects of this
law shall be in force from the
date of its publication. Given
in the City of Mexico, National
Palace, on the 14th day of Sep-
tember, 1916. (Signed)
VENUSTIANO CARRANZA.

OSBORN'S UNIQUE RECORD.

To Sidney P. Osborn, present
Secretary of State and candidate
on the democratic ticket for re-
election belongs a distinction
that examination of the public
records of many states shows is
not shared by any other public
official in the country, so far as
can be learned. From the day
he took office to the present time
he has used but sixty per cent
of the public funds appropriated
